**PROPOSAL:** The project proposes to reconstruct North Road & Damon Pond Road. North Road improvements are proposed from Main Rd (Rte. 143) to the intersection of North Road and Damon Pond Road. Improvements include full-depth reclamation and multiple culvert replacements along the length of the project, including the culvert at the base of the Damon Pond dam. Horizontal and vertical geometry will be adjusted to improve sight distance and user safety. Finally new pavement markings will be applied within the project limits.

A secure right-of-way is necessary for this project. Acquisitions in fee and permanent or temporary easements may be required.
